OVERVIEW

11

Mission

de
sering

To (re)build community
through food.

De Sering was founded on the belief that **strong communities** are essential for **activism** and progress, and what better way to bring people **together** than over an affordable meal. As we look to the years ahead, our aim remains to expand and build a **network of sociocratically** organized locations led by participants, fostering community and addressing loneliness and hunger. Beyond cooking and serving **food**, we plan to offer services like **childcare** and educational courses to make activism and politics more accessible.

Slogan/promise:

Where community
grows through food.

Other taglines to use:

- All good things begin with a bowl of soup
- Everyone is welcome
- Join us in building solidarity, one meal at a time
- Bringing people together through food, culture, and shared purpose.

Logo

The De Sering logo consists of a bold word mark and an icon that represent building blocks of community. Ensure the logotype is consistently used and reproduced, maintaining its proportions and alignment.

The De Sering Centraal logo is a variation of the core identity, tailored to represent the central hub of the community. It should always be used in alignment with the main De Sering logo, preserving consistent proportions, spacing, and visual balance.

Clear Space

It is essential to give the logo enough space from margins and surrounding elements. The clearspace should be considered the minimum safety distance to maintain visual clarity, equal to a the widht of the letter 'g'.

Typography and font application

Neue Haas Grotesk Display Pro is one of our primary typefaces and plays a key role in building brand recognition. Its clean, modern aesthetics and timeless neutrality reflect the character of De Sering.

The typeface’s versatile family allows for flexible use across weights and styles, ensuring consistency and clarity in all brand communications, as demonstrated in the examples.

About De Sering

De Sering was created in 2019 with the mission that it is critical in the current social landscape, for activism, and for the political left as a whole to rebuild communities.

De Sering was founded on the belief that **strong communities** are essential for activism—and for the political left as a whole. We live in a time of unprecedented isolation and loneliness, and we don’t see this as a coincidence. As social connections weaken, so does **the strength of activist** and leftist movements. Rebuilding community isn’t just important—it’s critical for change.

Red & Off-White

Our primary colours form the core of De Sering’s visual identity. The bold red expresses energy, warmth, and activism, while the off-white provides balance and openness.

Olive Green, Yellow & Black

Olive green and yellow add depth, approachability, and a natural warmth, while black provides contrast. These colours are used to highlight elements and create hierarchy.

Burgundy – De Sering Centraal

Burgundy reflects De Sering Centraal’s grounded and welcoming character. It evokes stability, craftsmanship, and a strong connection to place, anchoring the visual identity.

Graphics

Illustrations, Stickers & Stamps

De Sering's visual identity is expressive and flexible, allowing for playful interpretation while remaining recognisable. Duotone imagery is used to create bold graphic statements and can function as backgrounds for graphic posts. The symbol logo may be adapted for contextual moments, such as seasonal variations, as long as its core form remains intact. Hand-drawn and handwritten elements, illustrations, and sticker-style graphics add a human and informal layer to the identity. Old-school emoji text and stamp-like elements are used to reinforce a sense of activism, community, and DIY culture.

Photography People and Atmosphere

The photography of De Sering centers on people, community, and food. Images capture moments of togetherness: people talking, gathering, sharing bread or preparing meals.
